I have signed the Candidate Pledge in support of a U.S. Constitutional Amendment to stop big money dominating our politics and empower all Americans. When passed, this Amendment will:

- Increase political representation of ordinary Americans
- Foster more competition, more free speech, and better debate in elections
- Empower states and communities to govern our own elections, free of dominating outside influence
- Ensure Americans don't have to buy our political voice

I will use my office to advance this Constitutional Amendment in effective ways such as sponsoring or cosponsoring bills, resolutions, or other legislation advancing proposal or ratification of this Amendment; voting in favor of such bills and resolutions in committee, subcommittee, or floor votes; and publicly advocating for the necessity of this Amendment.

- Now is the time for candidates and citizens to demand reform to rebalance our politics and government by putting the rights of individual citizens and the interests of the nation before the privileges of concentrated money, corporations, unions, political parties, and Super PACs.
