

Rotary Outreach

This civic minded group of business professionals promotes the concept of 'Positive Peace' through Rotary's partnership with the Institute for Economics and Peace. Use this presentation to shed light on how leveling the political playing field with a constitutional amendment fits as a Positive Peace issue and passes the Rotary's 'Four-way Test'. It ends with a call to action for interested Rotarians to further engage with the issue.

If interested in presenting, or you are looking for someone to present, at your local Rotary please contact American Promise

Business Network Manager, John McCrea at johnm@americanpromise.net.
